Q U A R T Z

[versatile

Ideal for residential projects where fine and subtle color distinctions are fundamental, or for extensive commercial flooring schemes requiring superior hues, Accolade Quartz tiles are carefully formulated to remain stunning.

[precision

With advanced production methods, Accolade Quartz tiles offer consistent color and particulate distribution. All tiles are finished, cut and micro-bevelled with gauged accuracy.

[4

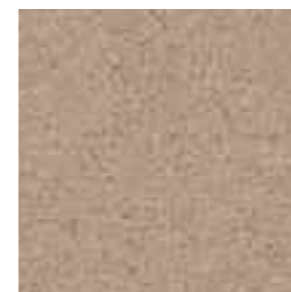

[5

[resilient

Offering ultimate durability, these tiles will tolerate high traffic with ease. Superior quartz combined with innovative technology assures exceptional resistance to harsh elements, abrasion and shock. Accolade Quartz tiles are non-porous, require no sealing and are designed to be virtually maintenance free.
